## Empower Any Struggling Reader

**1** Secondary students with weak reading skills find learning stressful and difficult. For adolescents, repeated failure results in struggle and lack of confidence.

Fast ForWord Literacy enables at-risk students to enjoy reading and unlock their true learning capacities. Turning school stress to academic success improves confidence, self-concept, and behavior.

## Struggling Readers

- Dyslexia
- English Language Learners
- Special Education

Targeted Intervention

## Exercises Adapt to Individual Needs

**2** Individualized learning pathways offer **personalized practice and adaptive instruction**. Students progress based on mastery, not seat time. With optimized success, students gain confidence in their abilities and stay motivated.

## Progress Monitoring Maximizes Growth

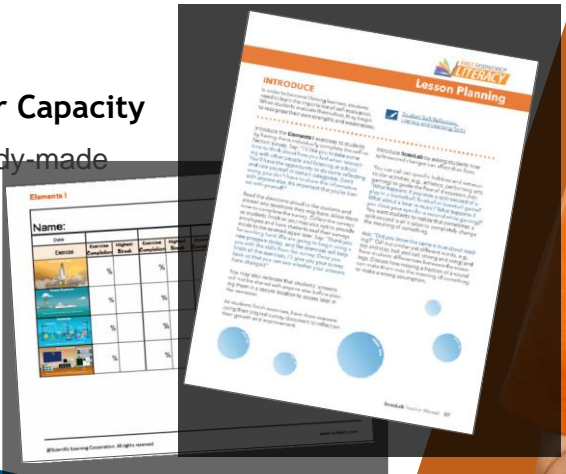

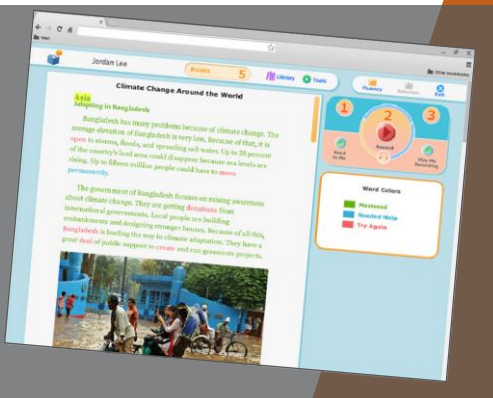

**3** Teachers and administrators see real-time progress with a complete suite of reports on four levels:

**Student Class School**

Teachers save valuable time and maximize student growth by using actionable data to offer targeted support.

## Teacher Resources Build Teacher Capacity

**4** Instructional planning is easy with ready-made resources, including teacher manuals and worksheets. Teachers are also supported with **on-site consultation and instruction**.

1-2 years  
reading gains in just 40-60 hours

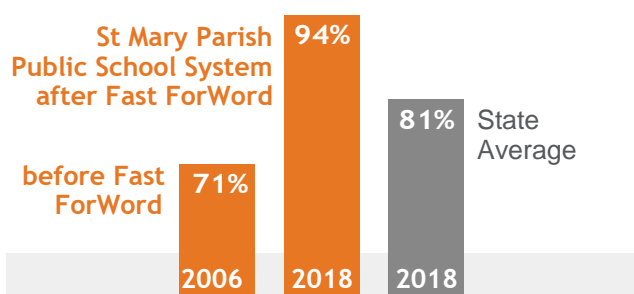

“We’ve implemented a number of online programs over the last 20 years, and we have found the Fast ForWord program to be the most successful program for our [6th-10th grade] students.”

-Ken Haggart, Superintendent of Schools

“All those years, I took all those tests and all of those reading programs, and they never worked for me. But this time, it was almost like magic.”

-Willie Brown, High School Student
